Principal's Corner

As we Spring into Spring now is not the time for our students to get "Spring Fever". It is more important than ever that students are logging into their classes daily and keeping up on their work. We know that this has been a tough year for everyone, but the state graduation requirements have not changed. Once students enter the 9th grade, they must complete specific classes in order to receive their diploma at the end of 12th grade. If those classes are not completed, students may become off track for graduation.

I would strongly encourage you to make sure that your student is logging in daily and check parent portal to keep up with their grades. We will be offering a 6 week summer session for students that need to make up classes that they failed.

If you would like to meet with your child's counselor or you have any questions, please contact Mrs. Wright in the main office at 248-451-7314 to schedule an appointment. You can also email all three of the principals directly.
