

# School District of the City of Pontiac

Pontiac Middle School & Pontiac Preparatory Academy | Shana Jackson, Principal

January 15, 2019

Dear Parent/Guardian,

The safety and well-being of the students placed in our care is always the first priority at Pontiac Middle School. As some of you may know, a student experienced a medical emergency on Monday, January 14, 2019. He ingested a substance that caused an allergic reaction. School administrators and staff assisted the student until the Emergency Medical Services team arrived. The student is on the road to recovery.

The substance was revealed to be the remnants of a DIY soap kit similar to the one pictured below. Parents, please remind your children to be cautious about eating or smelling items in which they are not familiar.

Once again, we seek to provide a safe learning environment for all of our students, and we will continue to do this with the resources we have available at Pontiac Middle School. Please feel free to contact our office with any questions or concerns you might have.

Sincerely,  
Shana Jackson, Principal
